

Dr. Albert Bernard Miller Sr.

January 9, 1935 - April 6, 2021

Dr. Albert B. Miller, Sr., retired Chairperson of the Psychology Department at Delaware State University, passed away on April 6, 2021, at the age of 86.

Dr. Miller came to Delaware State University in 1967, and was Professor and Chairperson of the Psychology Department for 37 years. Prior to coming to Delaware State, he served as a Counterintelligence Officer for the U.S. Army. Earlier in his career while serving as an Engineer at the Martin Marietta Corporation, he was the navigator on the Apollo Lunar Orbit Simulator.

Dr. Miller is survived by his wife of 60 years, Barbara Stratton Miller; their children, Albert Miller, Jr. (Rebecca), Leigh Miller (Patrick), Sara Fuller (Charles) and Jane Wandless (Paul). He is also survived by his brother, Jon Lloyd Miller, Sr.; sister, Jane E. Flipping; grandchildren, Morgan, Clare, Miles and Lachlan; along with many special nieces, nephews and friends.

He was preceded in death by his parents, Walter and Sara Miller; his sister, Ruth Walker; two brothers, William Preston Miller and Paul Wendell Miller; and his granddaughter, Marisa Harris.

Funeral services are private. In lieu of flowers, donations may be made to Delaware Hospice.

“ *Barbara and Family...we were shocked and saddened upon learning of Al's passing. He was truly the most unforgettable people who we have had the pleasure to have known. Many years of my playing tennis with Barbara and later on seeing her on the golf course, and Ray knew Al from many visits in our store we came to know Al as a gentleman and a scholar. Ray always enjoyed discussions with Al whenever he came in to the store and I enjoyed talking to him on the phone with my numerous calls to Barbara. We considered ourselves blessed to have had this wonderful man being a shining light in our lives. Our love to you. Kathy and Ray Gesualdo*

“ *Dr. Albert Miller left an indelible mark on many lives. He influenced many fine students and delivered a high quality education to students majoring in psychology. One was my mother, Carolyn M. Hutchison. She earned Departmental Scholar in 1984 when she graduated. She worked with Dr. Miller closely on his biofeedback research. Thank you, Dr. Miller. You are loved.*

“ Dr. Miller was my friend, professor, advisor and mentor. He taught me many things about life. He served as the class of 1971. Class Advisor at Delaware State University. He was always there to help his students. Thank you for always being there for me. I will miss you but I know that you are in a better place. Delores Henry

“ Sara, your father seems to have had many adventures and he was a pillar of wisdom! Many virtual hugs to you and your family during this tough time. You probably already know this scripture, but it seems fitting and I hope it encourages you: "Blessed be the God and Father of our Lord Jesus Christ, the Father of tender mercies and the God of all comfort, who comforts us in all our tribulation" (2 Cor. 1:3-4). Do not lose hope :) Take care! -Sophia (and I tried to post this once before, but it didn't go through, sorry if I end up double-posting!)

“ In life, there are memories everyone has of someone that helped out along the way. Many years ago, one of our dogs ran into our house and dropped dead right in front of me. My kids were young, it was a terrible night. Our neighbor, Dr. Miller, was there to help me carry our dog to our van, so I could bring him to the vet for cremation. Dr. Miller was consoling, and helpful. Just one memory I will never forget. Dr. Miller was a quiet man, and after reading his obituary, I am simply amazed at what a great career he had. Bill Denman and the Denman family.
