“ I just want to say she was a very caring girl I think she had a heart of gold. She always willing to help anyone out I know I started working at BJ's part time she helped me alot of what to do and where things went and so forth. I loved talking with her and making her laugh and that is what we where doing the last time I worked that night of week before last, I had her laughing so hard so was trying to clean up the deli and she said I made her night. I am so very grateful for this was the last time I got to see her and it will be a lasting memory for me. I think of her everyday and its so hard to think she is gone. Miss you girl hope to see you again someday we will have some more laughing to do. I will save all the good ones for you until we meet again. Brenda McCoy
