“ Oh, my dear sister, we are so sad without you here I miss our games and talks! Can't even visit for your SMILE, my heart has a hard time beating knowing you are gone from this earth. Please keep a watch over all of us, and I understand you are in a better place than us just never ready to lose ones we LOVED so much. May you enjoy your new life now with our Lord above. Don't forget to send signs of your love to us... I have already found pennies I know were from you and saw a red cardinal outside my window all signs from you. Please send comfort for your children and other ones that misses you. Love your Sister Melody
