“ Austin,
You and I were like brothers. My heart is extremely sad and I'm so sorry what happened. I love you brother. I tried everything in my physical power to help you. I prayed for you talked to you about Jesus Christ on so many occasions. I truly hope with all my being that you died in the Lord Jesus Christ. My soul is very broken that your gone. I'll miss you everyday and thinking about all the memories we had through the years. You were my closest friend and truly maybe even my only friend. I'm sorry to have to say goodbye.
