“ *Celeste and Family,
My sincere condolences on the passing of your Mother/Nana, a beautiful, wise, religious lady and wonderful friend. She accepted life's challenges and dealt with them in the Hands of God. Never have I seen someone so accepting of her illness. She was ready for her high place in heaven. Never fear. She is watching over you from God's heavenly garden. I am so grateful to have visited with her and said my farewell to her at hospice. You are all in my prayers as she is in my thoughts. God bless you.*
