“ I remember the day we all set out to establish Harvest Outreach Worship Center and I remember our first service! It was Great. even though it was just a handful of us, the power and glory of God was there with us. Pastor Moore really knew how to usher in The Spirit of the Lord! She would pray and sing until something happened! She would not be denied in getting into His presence. I remember what she said to me when I finally came to her to accept my calling into the ministry, she said, "About time! Yes Sir Buddy"! :-)One thing I knew for sure and that Pastor Moore loved and lived for The Lord and her desire was that we all became as passionate about Him as she was. I thank God for her, for pushing me, I may not have liked her methods, but I am thankful that she did! I am praying for her family and I am praying for your strength in the Lord. She will be truly missed in more ways than one.Pastor Gwendolyn I. Credle
