“ Our deepest sympathy goes out to the Waters family especially for lost of our Uncle “Junie!”

I can remember back over 50 or more years ago as a child growing up coming back home to Maryland and Virginia from New York to visit my Grandmother “ Mrs. Hattie”! Uncle “Junie” would always be there to greet us when we arrived!! He was always a kind soul that joked around and made us laugh! He always got a kick out of my funny laugh and my humor as I did he! When I got older we used to visit his home in New Castle Delaware from time to time. Uncle “Junie” always made us feel at home and welcome! There was nothing in his power that he would not do for us! He always asked my Mother and father how our trip was coming from New York!! He always made a way to find me some crabs somewhere somehow! One time he drove me all the way to Claymont to get some crabs! Uncle “Junie” always made a way for it to happen! If he had it it was yours and if he didn’t have it he would get it for you! Uncle “Junie” was a kind loving and caring gentle soul! Uncle “Junie always treated us with the utmost love and respect!! Uncle Junie always had a funny story to tell!!! lol. When we looked at each other so many times we would Burt out laughing so much that we hurt our selves!!! lol lol. He was such a hilarious person and so much fun to be around! He will certainly be missed forever until we meet again up in Heaven soon!! I’ll see you when I get there Uncle “Junie”!!! It took me forever to write this because I’m still in disbelief!! I’m in the how, if, where and why mode I guess! Only God has these answers!! 🙏❤️

I have another funny memory of Uncle Junie. I remembered that we came down to visit as I was older and grown when we all wanted to watch a television show. So Uncle Junie started looking for the remote control. Uncle Junie was looking all over for the remote control! He looked high and low to find out that Uncle “Junie” had the remote control to ear thinking it was the telephone!! lol lol lol. We laughed so hard that they probably heard us a mile away! lol Uncle Junie was a special Uncle and will surely be missed! Uncle Junie was one of the coolest and funniest Uncle’s you could ever

have!! Boy will he be missed!! I will miss our laughs sense of humor and loving and kindness!! He was my homie coolest funniest friend ever!!! Rest on Uncle Rest on my OG Uncle Junie!! You will be truly missed forever!! This hits hard and different!! We love ❤️🙏 forever!!

My deepest sympathy and condolences go out to the the Waters family and especially for the lost of my childhood friend and classmate (Class of 1975) Clarence "Junie!"

I will always remember our fun times growing up and going to class from North Accomack Elementary to Atlantic High.

I fondly recall...when we were old enough to purchase cars...Clarence had a 1966 Chevelle Malibu (blue) and I had a 1967 Camaro...we both were classing our car up with big tires and chrome wheels...I recall having several sets of Crager mag wheels and I gave Clarence 2 wheels for the front wheels of his Chevelle...man he put those wheel on his car...matching his two back wheels...went to the car wash in Pocomoke (next to the firehouse and 7/11) cleaned his car and it was really sharp!

After cleaning the car we met on the highway by the Pocomoke truck stop...and we stopped and talked and he was so proud as to how the car looked. I will always cherish and remember that time and the fond moment; and will always carry that moment of Clarence's joy, and other good times in school, in my heart as long as I live.

Rest my dear friend as you have earned your wings...fly free!
