“*Dear Jesse and Family, I was surprised to hear of the passing of your beloved Donald. God has him now and he is at peace. You have many memories to cherish of him and the family. You gave him your best in love and care. I can remember how you showed your love for him in so many ways during my visits. He was such a warm, gentle, spirit and gave so much to his students and Delaware State University. May God continue to bless you during this difficult time. Anne Smith*
