“ Everyone has a friend during each stage of their life, but the lucky ones have a friend forever, that is what you meant to me . . . my forever friend! The Lugo family will be eternally grateful for your kindness, for representing, for your love, for your support! We will cherish the good times we had and keep you alive with memories of you. I will remember you each day that I live, you were such a character and it was a privilege to have you in our lives . . . Now it's time to say GOODBYE! Rest in eternally peace my friend! Nellie Lugo

“ We have many memories of you, some really good times. I just want to take a moment to say thank you for being the grandfather to my daughter that she never had. For being the best godfather to her as well. You were always really good to my family (Lugo\u2019s). Rest easy Fred. Know that your legacy will live through our memories. Im sure Big John was waiting for you to arrive at those gates. Forever Grateful Luis Lugo
