“ My dear Aunt Dee, what can I say? Just sitting at my home now remembering the times when I was back home and you and Uncle Carlos being an essential part of my upbringing since birth. After moving to Puerto Rico almost 28 years ago, I remember your voice every time you'd answer the phone whenever I called the house to know how you and Uncle Carlos were. This past Mother's Day I called the house and wished you a 'Happy Mother's Day' and you thanked me for saying that to you. Why wouldn't I? You were more to me than just my Uncle's wife, you were more to me than just another Aunt, you were my 2nd mother, you only lived 2 streets away from where me and my parents used to live, whenever I needed scolding, you were there to set me straight, whenever I needed advice, you were there, whenever I needed a kiss or a hug, you were there. Your help in my upbringing had a lot of impact, making me in part into the woman I am today. Not to even mention my daughter, who you never got a chance to meet, but had the opportunity a few times to talk with on the phone. Your passing has left an empty space in our hearts, but also a lifetime of memories. You will be truly missed by my daughter and myself.... we loved you before, we love you now, and we will love you forever and always. May you Rest in Peace in God's hands.

Love always, your nieces Joey and Annie
