“ It is always sad to hear of the loss of such a young one especially when children are left to mourn. I lost my sister a few years ago, and the memories are still so fresh in my mind. I found comfort in the scriptures during that very difficult time. John 5:28&29 tells about the resurrection hope. It is so comforting to know that I will have a chance to see her again, also Revelations 21:3&4 tells us that in the near future " death, sickness and pain will be removed", so look forward to this time and may Almighty God strengthen and bless your family. Please accept my deepest sympathy.
