“ *Helen Walker a woman who loved her family, and the beauty of life. Mom you will be missed. Although I was not able to get there as much as I would have liked, I can tell you that your children are awesome and so is Dad. I will miss that little voice and that big smile you always had when you seen your children, grandchildren, great grandchildren, and your daughter and son in laws. Your words of encouragement kept me going in a difficult time in my life. Mom thank you also for telling me, I was a good wife to your son and that you were proud of me standing by him. The best thing about that was the love in your words. You will forever be in my heart and my fond memories. Thank you for having such a great family that I have been apart of for 40+ years. I will always love you.*
