“ Jim and I both worked for DuPont Ag Products, but I knew him best from golf. I used to call him the old man because he was born exactly one day before me. He was a true gentleman. My sincerest condolences to the family.

Hal Padgett - November 29, 2014 at 12:00 AM

BR

“ I had the pleasure of working with Jim at the DuPont Experimental Station. He was a wonderful person, an excellent Technician, great conversationalist, and great golfer! My sincere sympathy goes out to his family.
