“ Hank was a great friend. We shared many fun times together (many fishing trips) and many, many laughs. In the years I knew Hank (1975-his passing) I never remember having a cross word with him, even after getting hit in the face with a cream pie! I won't say what brought that on but I deserved it. How many people can you say that about? It wasn't until after his death that I knew of his great military service to our country. I wish I could had said thank you. I'll continue to remember and miss my friend. Dick Mumford

“ Kim Brown-Terry...So sorry to hear of Mr. Hank's passing. I have known him, Miss Peggy and Cindy since I was a child because Gerri was my bestie. I spent many happy times at their home in Easton and he always joked with me about the 'Whispers'. RIP Mr Hank and know you are lovingly missed. 🙏

“ It seems just a few weeks ago I was talking with Hank on the phone. The same voice that I will always remember. We were on the same team at Andrews for many years. Chris, Hank and me. We enjoyed a special relationship. We worked well together and always looked out for one another. We worked hard together, joked together, a laughed together. We laughed a lot. And when we were not at work we went fishing together. We had many good times together. Hank shared his famous crab cake recipe with me which I still have. How can you put into words the memories of so many really great times over so many years? I can only say that Hank was a special friend and his memory will always be with me. Dick Mumford

“ *I am so sorry to hear the news, my father in law and I both worked with Hank for years at Andrews AFB. It was a pleasure to work and know Hank. The one thing I remember about him was the love he had for his family. His face would glow and you could see the pride he has for all of you. He and you guys are in our prayers.
