“ James, to say I was shocked, when I passed your work booth, and saw the Flowers, and you not sitting in your usual spot! When I asked the guy who the flowers were for, and then saw your picture, Again shocked was an understatement, I'll never forget the laughs when I came thru to drop a patient off, you were always respectful, and funny, may God bless your family, and love ones you've left behind... Fly High, because your sweet and kind soul will only go up from here! Rest In Peace

“ My dearest James, life will never be the same without you. We promised to grow old together and vowed that TOGETHER was our only option. I will forever cherish how you ALWAYS made me feel like I was a queen, and your queen. I'll forever cherish every kiss, hug, compliment, laugh, and other memories we created together. You were one of a kind, an all around fine gentleman who only wanted everyone to experience the love and joy you had inside of you. You always said you loved me more, but today I say I love you the most. The End. So I'm sending you our favorite love song just like you would send to me just to let you know one more time, that THIS is why I love you. <https://youtube.com/playlist?list=RDFqiVMKJxWK0&playnext=1>
