“ Cousin Jerome (Joe): When I think of my early childhood, you are definitely one of the adults I always remember. You didn't say a lot, but when you did, it was thoughtful and kind. As an adult, I know you loved us and watched us grow up. I'll never forget our last "good bye and I love you." Rest with the Lord Cuz. 🕊️💙🙏

“ Pop
I'm trying to stay calm through all the chaos. I set my eyes on the prize that was waiting for you, I can't help but to think of how you were met with "Well Done my good and faithful servant" . You left us with so many memories and not one hae been being a bad father. I got to learn to live without you I never had to do that. I know the good Lord is happy to see you no more pain. Rest easy your baby Meka
