“ I can't believe it's been seven months without you here, John...you were one of those people I just thought would always be around I guess, you know you sure as heck never acted your age!! I still think about and miss you every day. You were part of my true family, you were there for me when no one else was, and I could never thank you enough for that...i just hope you knew how much I appreciated you. I know things got crazy at times but there were also so many good times. Thank you for always welcoming us back HOME...and now you can be at home and be at peace. Never forget...who loves ya baby?!
