“ To my wonderful big brother. We will miss you so much that words cannot describe how we feel right now. You were a wonderful big brother whom we loved very much and will continue to love you forever. When the Lord decided to take you home, he wanted to take all of your pain away and to just let you be free. Big brother no amount of words can describe how I am feeling right now. But know your family love and miss you. One thing that gives me peace is knowing that God has so loving wrapped you in his loving arms. He now will take care of you. I know mom and dad are smiling because they know you have made it in. You said just about everyday that God has been good to you and taken care of you and that you were ready well God knew that..... & that is why you are with him right now. Love you so much big brother and until we meet again God has you under his care now. Love you. your big sis. Debbie L Polk
