It doesn't seem possible that my best friend of 35 years is gone. My heart aches for Manny, Lee, Reggie, and especially Rick. She was always my ride or die partner in crime...as she always said. Even tho we are all mourning and missing her so much, I'm sure she is so much happier up in heaven with her best friend/mother. Not a day will go by that I will not think of you and miss you. Love you, sis!
