

## Julia Lee Stone

November 30, 1950 - March 30, 2020

### Obituary

JULIA LEE STONE was born in Salisbury, MD on November 30, 1950 to the late Shelton Nutter and Virginia Byrd. Predeceased by both parents, Julia departed this life after a short illness on March 30, 2020.

Julia received her primary and secondary education in Salisbury Public Schools, and was a proud Alumna of the University of Maryland Eastern Shore, graduating with a Bachelor's degree in Business Administration. In the early seventies, Julia and her beloved daughter moved to Baltimore, Maryland, which she affectionately called "the Big B". While in Baltimore she was employed by the Maryland State Government until returning to Salisbury in 1984. She was later employed by the Salisbury Public School System as a Teacher's Aid.

Julia loved family and friends. Spending time with family and seeing pictures of her nieces and nephews brought her great joy. In her spare time, when she wasn't calling to check on loved ones, she enjoyed word search puzzles and trying new recipes. Julia had an infectious laugh, a loving heart, and a generous spirit. Her life was a living example of her favorite Bible verse, Ephesians 4:32 — "And be kind and compassionate to one another, forgiving one another, just as God also forgave you in Christ."

Julia was preceded in death by her parents and sister, Cheryl Wharry.

Julia is survived by her husband, Conrad Michael (Mike) Stone; one daughter, Shaynisa Polk; two brothers, Veron Polk (Cathleen) and Anton Polk; one sister, Karen Polk (Maurice); two uncles, Preston Polk (Zella) and Clarence Polk (Joyce); two aunts, Anna Lee (Edward Lee, deceased) and Barbara Johnson (Charles); and a host of nieces, nephews, cousins, other relatives, and friends.

Those who knew her will miss her infectious laugh and smile. In light of the current coronavirus pandemic there will be a private ceremony, but a memorial will be planned at a later date. In lieu of flowers please take care of yourself during this time and consider donating to the American Heart Association [www.heart2.org](http://www.heart2.org).
