“ *The angels looked down from heaven one night They searched for miles afar, And deep within the distance They could see a shining star. They knew that very instant That the star was theirs to gain, So they took you up to heaven Forever to remain. Look down on us from heaven Keep us free from hurt and pain, You'll always be within my heart Until we meet again. I love and miss you rest in peace!!!*

“ *Uncles have a special role. Not being our father, they can be a friend and a supporter in a different way than anyone else in our lives. They are both a relative and a companion, one of the few people able to be both. Whether they are crazy and weird and only seen at holidays or our fishing buddy and mentor, the loss of an uncle is a particularly hard one. Their loss, however is filled with the years of happy memories we had, and that special connection that belongs only to uncles. I love & miss you until we meet again rest in peace!*

“Daddy I love you more than life. I'm sad by you leaving us. I really wish I just came and seen you. I cannot believe I won't have that chance. You're the only father I know. I'm not sure how I am going to get through this, but so how all I can do is manage. Nothing will be the same. I miss you already dad. Rest easy and give grandma a big hug and kiss. Watch over me with her. RIP
