“ *I've known Lenny since middle school and considered him a friend, just as long. We graduated in '89 and our friends scattered across the country but when we had the opportunity to gather back together or catch up on social media, Lenny was a constant solid support, always reminding us of our Senator Prode and reflecting back on fun times while connecting with the new and exciting adventures of our grown lives. I was so honored that at an awards event a couple of years ago that Lenny was there directing the DHS Jazz Band which played for the event and even gave a shot out to his friend and fellow DHS graduate being honored that night. Lenny's light will forever shine bright in our community because he was such a positive and life changing force in it for all that had the pleasure to know him. RIP Lenny and please be ready with another special song for us when we join you one day.*

“ *I was not in the DHS band, but I was always so proud of the Rolling Thunder drum line. Thank you, Lenny, for giving the Senator family a reason to be proud of the Capital School District. We are richer from your presence.*
