“ *Dad, We love and miss you. We grieve for what could have been and even more for what should have been. We are comforted that you are in Heaven, yet it is still so unimaginable. We love and miss you & always will.*

“ *Leroy was a great man, the best that ever entered my life. He had a heart of gold. I never knew him to turn anyone away that needed help. I will truly miss him but he will always have a place in my heart. I pray that his family finds the peace and understanding to make it through this time of loss. Remember he is sitting at Gods side now and will always be watching over you.*
