“ I never got to meet Margaret. But, I heard some wonderful things from her Mom, Emily. Emily is like a sister, daughter to our family and she loves all her children so much and grandchildren. I am praying for Emily and her family. I know also what it is to lose a daughter. It is devastating. Many prayers are going up for Emily and all the family. Proverbs 3:5&6. God be with you all. “ Wow where do I begin... Margaret you will be missed by many. You were strong...one of the strongest women I have ever known. You fought the fight and now have won the battle. It is time for you to rest now, be happy now, and live life. You were a loving mother, daughter and sister. You were head strong and determined. I loved your laugh and I will miss that. Even though I didn't know you well I know there are now parents without a daughter, children without a mother, and a brother without a sister. My heart breaks for their loss and pain because you are in a better place. Rest in peace my sister in law. You will never be forgotten. Time to rest now. We will see you again.
