“ *Me and you, us never part, my dear sister. Me and you, us have one heart. my dear sister Ain\u2019t no ocean, ain\u2019t no sea, my dear sister Keep my sister away from me.\u201d This song is from the movie, The Color Purple and I always thought of you when I watched this movie, Marilyn. You're not only my sister, you're my inspiration. I truly miss having you with me on this Earth, but apparently, God had a different plan. Anyway, I saved your picture as wallpaper on my cell so I can see your face everyday...have to go now because the tears are falling.Love you!!!Anna*
