“ Aunt doola I'm gonna miss you very much. After mom passed away year and a half ago I took to you very closely. There wasnt anything I wouldn't do for you. If you didn't call me I'd call you to check on each other, sometimes we'd talk about the younger days. Sometimes you'd ask me what I was having good for dinner and then you'd say, I wish I was close to you. I'd reply I'll bring you some and there I'd go, riding down to snowhill. What am I gonna do now, I have nowhere to ride to or talk to on the phone for hours til my phone go dead. Aunt Doola you're one in a million. Tell mom I said hello. I love and miss you already. Rest in the heavenly arms of God u til we meet again.

---
