“ To the Gillis nieces and nephews, my apologies for not being able to join you in the Celebration of Life for your aunt - my second grade teacher "Miss Richardson". Everyone whose path she touched had the wonderful opportunity to experience her gift - genuine caring and love. I can remember to this day where I sat in her classroom at Thomas D. Clayton; not to far from the organ that she played for us each day. How blessed we were!

My prayers go out to each of you. Hold on to all of the wonderful memories that she has left you. Love, Joyce

“ Ms. Richardson was a respected educator, beloved church member, and neighbor. I did not have her as a classroom teacher, but we sang in the church choir together—me as a young adolescent to her adult status. I am proud to have grown up under the tutelage of such a devoted, loving, and spirited woman. May she, rest in peace.

“ Mrs. Richardson has truly left a legacy for education of all children. Always with her was her caring spirit and warm smile. To God be the glory for placing her in the lives of so many people. Take pride in her memory.
