“ I was fortunate to know Nick from Mardela Middle & High School. He would occasionally come down to the cafeteria and practically buy all our cookies! I told him he was our best cookie customer! We would have brief conversations about auto tech, Hyundais and cars in general before he would hurry off to work. I will fondly remember Nick and those brief encounters. Rest in peace Nick and thanks for those memories. To Nick's family I send my sincerest condolences. Joann Griffin
