VC

“ I met Renee many years ago when I was the prison dentist and she was my dental assistant. When I left the prison to pursue residency in Endodontics, Renee was my dental assistant on weekends in a dentist’s office where I would do root canal therapy on the general dentist’s patients. When I finished my residency we opened an office in Dover specializing in root canals. Renee was the BEST dental assistant I ever worked with. She was efficient, intelligent, and had a great rapport with patients.

Through the years she was not just my dental assistant but a true friend. When I retired we kept in touch all during this terrible disease she had. She was fearless and faced her sickness head on, never complaining throughout all her treatments.

She visited us at our summer home in Massachusetts .She needed to get away and I’m sure it helped her through some of the tough times.

God called Renee, and I’m sure she is with her parents and at peace. She will be missed by everyone she touched.

Dr. C

“ To the Family, I've known Renee for 25 years, she has been like a sister to me, from the antique store, the house in Harrington, to the house in Henderson, and back to Dover. She was a special sister girl to me. I'll never for get her straight talk, and she didn't bite her tongue. God saw she was getting tired and called her home. Her parents where at the gates waiting for her, saying welcome home my child, God only takes the best, rest in peace my sister, family God knows best, he's with you today and everyday, I'll have precious memories of her.

“ Renee was one of my patients and a friend, I will miss her smile and laughing during her treatments. When she was in for treatment a few weeks ago, she was telling me and showed me the pictures of her Hot Air Balloon Ride. I am so sorry for your loss, sending you my deepest sympathies
