“ *Sending prayers and our condolences to the family. Ricky will always be famous for his cooking. He was a great neighbor and he's truly will be missed. I remember one time I was stranded and I called Mr Ricky and he got up out of his bed at 2 am in the morning in the winter and it was bitter cold out to come and pick me up. Much love. Ricky RIP. From Mrs. T & family*

DS

“ *I haven't seen Rickey since I left high school in 1976. However, I remember when we were growing up in Weeksville. We visited with them many times over the years. I was the same age as his brother Dennis and Rickey was 3 years younger. But I do recall the great times that we all had in those days. I pray for his family that God will comfort them during this difficult time. Rest well cousin Rickey, rest well :-( ~ Cousin Danny*
