“*My families prayers are with your family. Roddie taught me life long  
lessons, not only how to be a good Flight Engineer, but to have  
confidence in myself. May you Rest In Peace.*

“*I knew Roddie back in the early 70's. We worked maintenance  
together on C5's, back before he retrained into the Flight Engineer  
field. He was a great guy to work with. Always had a smile and a  
laugh to make the days brighter. He will be missed by his friends.  
My condolences go out to the family. Your watch is done, RIP my  
friend.*

“ ROBBY and I were roommates when we both transferred to flight engineers he was signed to the third squadron and I was assigned to the ninth. We rode together to Sheppard Air Force Base Where we attended the ground school. We were main friends throughout our military career when ROBBY retired he worked at Dover Air Force Base gymnasium. I asked God to watch over his family and friends.
