“ *My brother, my friend, the guy who knew all my secrets and deepest thoughts! What do I do? Shooting pool don't help, playing chess don't help! Never thought he would leave before me! Life is funny I guess, 43 we were suppose to be on the porch in our 90's laughing at the jits, trying to do what we perfected. Love you bruh, not going to say I'll miss you because I'm going to keep you with everyday!* ”
